SUMMARY

With 2.5+ years of experience in full-stack development, I specialise in building robust, high-performance web applications using **React**, **Node.js**, and **scalable databases**. Known for delivering clean, maintainable code, I have a track record of **managing sprints**, **leading PR reviews**, and fostering team collaboration to meet project goals efficiently. My expertise combines technical proficiency with hands-on leadership, ensuring both **development excellence** and **smooth team operations**.

SKILLS

- **Frontend:** HTML, CSS, SCSS, TailwindCSS, JavaScript, TypeScript, React, Redux, Next.js
 - **Backend:** Node.js, Express, Sequelize, Prisma, Mongoose
 - **Databases:** MongoDB, SQL, PostgreSQL
 - **Design:** UI/UX
-

WORK EXPERIENCE

Software Engineer , DubizzleLabs

July 2023 - Present

- **Impactful Revenue Generation:** Built and optimised Jarvis, OLX's Multi-tenant CRM platform, boosting marketplace revenue.
- **Agile Leadership:** Managed Scrum sprints, code reviews, and task prioritisation for a team of 10 (4 direct reports), ensuring on-time delivery.
- **Scalable Multi-Tenant Integration:** Integrated codebase to onboard 5 new tenants across multiple countries (Egypt, Lebanon, Bahrain, Pakistan), adapting to regional needs.
- **UX Optimisation:** Implemented multi-language support and region-specific features, enhancing global user engagement.
- **Core Skills:** React, Redux, Ant Design, Ant Charts, Formik.

Software Engineer , Lyftron Data

June 2022 - July 2023

- **Codebase Refactoring:** Led efforts in refactoring legacy code, improving maintainability and reducing complexity, resulting in faster development cycles.
 - **Onboarding Support:** Developed and implemented an onboarding programme for new developers, improving integration time and productivity.
 - **Collaborated with Cross-Functional Teams:** Worked with product managers and cross-functional teams to deliver key features on time.
 - **API Development:** Developed APIs using Node.js, ensuring seamless functionality and integration within the platform.
 - **Technical Skills:** TypeScript, React.js, Redux, MUI, Tailwind CSS, Node.js.
-

EDUCATION

Bachelor of Science in Information Technology

Punjab University college of Information Technology, Lahore
